Dear Mr. Roudebush & Rotarians,

Thank you for your support of the Haitian Health Foundation.

I recently returned from Haiti where I had the opportunity to place plaques on some newly-constructed "Happy Houses" and take some photographs. I am happy to enclose pictures of a family and their new "Happy House" built through your generosity!

This family was living in a "hovel" of cardboard and thatch. Your kindness and sharing has allowed us to build a clean, healthy, cement block house with a tin roof, windows, and doors. It is a "mansion" by comparison.

Thank you again for giving this family a new home and providing them with a healthier, happier future.

With warm regards,
